### ***How to Find Materials***

Use the library catalog to search or browse the library's collections, view new titles, or use the features of your personal library account.

From your account you can place and check holds on items, view items you have on loan, and renew items. The catalog is available from home or anywhere else you have an internet connection.

To set up an account in the library catalog, please stop by the library or email us with your name, email address, and telephone number(s). We will give you a user name and password to access your account.

If you call or email ahead, we will be happy to find materials for you and have them waiting for you when you come in.

### ***Questions***

Have a question and don't know where to look for answers? Drop by, email [library@longwoodgardens.org](mailto:library@longwoodgardens.org), or call 610.388.5440 – we can help!

### ***Training***

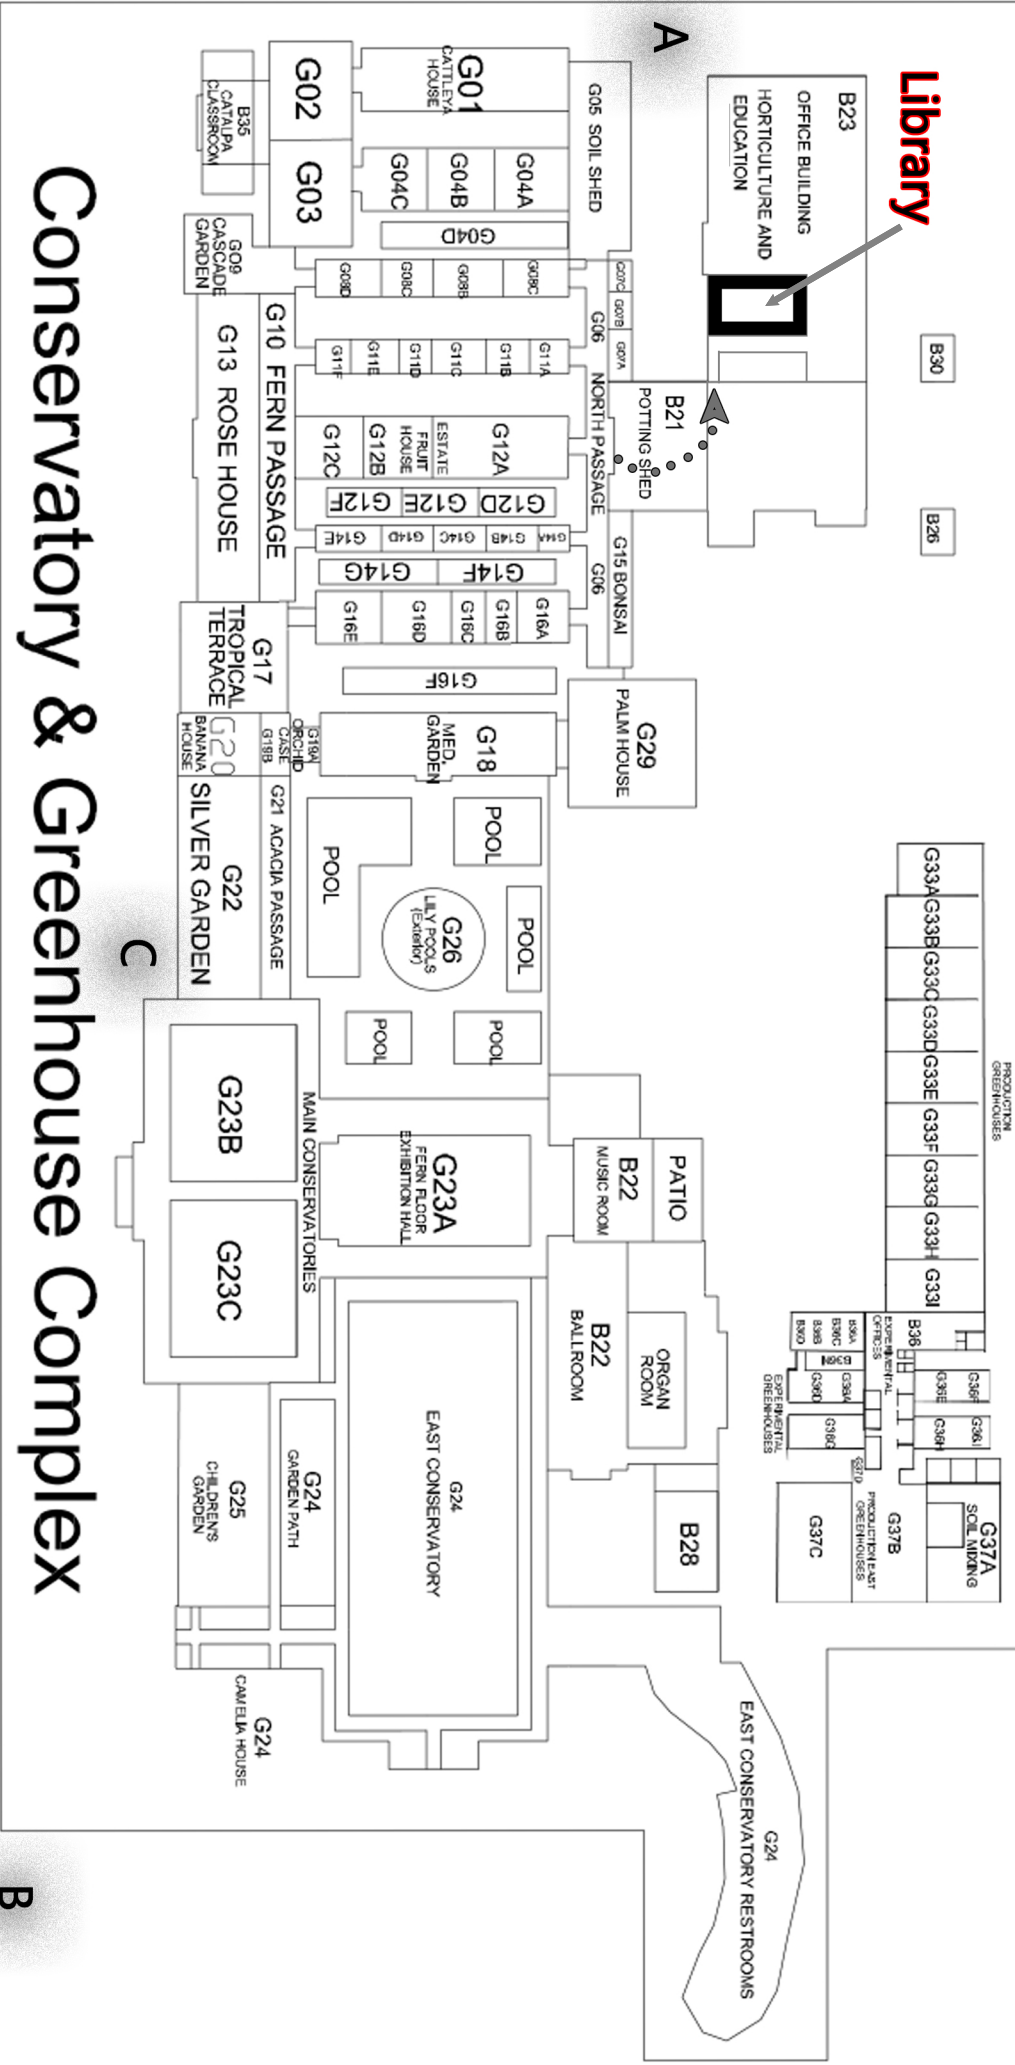

One-on-one or in a small group, we can provide training on how to use the library catalog, how to access resources, and other topics you might have in mind.

We hope to see you soon!

## The ABC's of Getting to the Library

- A:** If coming from the upper and lower employee parking lots, the library is located in the horticulture and education building (B23).
- B:** From the visitor center parking lot, go through the conservatory and through the Potting Shed.
- C:** From the conservatory, go through the Potting Shed off of the North Passage (near the Bonsai). Go through the doorway in the back left corner of the room and proceed left down the hallway (horticulture and education building).
